

FasTread - Fiberglass Stair Treads

FasTec offers a wide variety of slip resistant stair treads ideal for new construction or the renovation of existing stairways. All treads are manufactured with an anti-skid top surface and corrosion resistant fire-retardant resin. Fiberglass stair treads offer an excellent cost-effective option to providing highly durable, slip resistant treads that ensure safety at the workplace.

Key Features

- Slip Resistant
- Light Weight
- Low Maintenance
- Easy to Fabricate & Install
- Low Installation Cost
- Corrosion Resistant
- Excellent Durability
- Low Conductivity
- Long Service Life

Stair Tread Covers

Stair tread covers are a convenient way to provide a solid, slip resistant footing for existing wood, concrete or metal steps. Manufactured with a gritted top surface, these stair tread covers offer safety and durability to existing stairs at an affordable price. Offered in a variety of widths and colors, these stair tread covers provide a low maintenance option ideal for residential and commercial applications. All stair treads covers can be supplied custom cut to the customer's specifications or in lengths of 12'.

Molded Stair Treads

Molded stair treads offer the same great advantages that come with molded grating. Available in a both square mesh and rectangular mesh, these stair treads are easy to install and require little to no maintenance. Uniquely designed cutting channels, spaced on 6" intervals, provide for quick and easy fabrication while also ensuring that all stair tread widths have closed ends. A gritted strip is molded on the front corner for added safety and slip resistance.

Pultruded Stair Treads

Pultruded stair treads offer the same level of safety, strength and corrosion resistance that comes standard with pultruded grating. Superior in strength compared to molded stair treads, these treads are designed for applications where wider support spans are required. Offered in a variety of colors and depths of 1", 1-1/2" and 2". All pultruded treads can be supplied custom cut to meet the customer's specifications or in standard lengths of 12'.

Stair Tread Covers

| Part Number | Thickness (in) | Resin | Surface | Color | Width (in) | Length (ft) |
|----------------------|----------------|-------------------|---------|----------------|------------|-------------|
| PTC125-PP-GT-BY-1112 | 0.125 | Premium Polyester | Gritted | Black & Yellow | 11 | 12 |
| PTC125-PP-GT-BY-912 | 0.125 | Premium Polyester | Gritted | Black & Yellow | 9 | 12 |
| PTC125-PP-GT-BY-812 | 0.125 | Premium Polyester | Gritted | Black & Yellow | 8 | 12 |
| PTC125-PP-GT-Y-1112 | 0.125 | Premium Polyester | Gritted | Yellow | 11 | 12 |
| PTC125-PP-GT-Y-912 | 0.125 | Premium Polyester | Gritted | Yellow | 9 | 12 |
| PTC125-PP-GT-Y-812 | 0.125 | Premium Polyester | Gritted | Yellow | 8 | 12 |

Molded Stair Treads

| Part Number | Thickness (in) | Resin | Surface | Color | Width (in) | Length (ft) |
|--------------------|----------------|-------------------|---------|-----------|------------|-------------|
| MT1515-PP-DGY-2210 | 1.5 | Premium Polyester | Gritted | Dark Gray | 22 | 10 |
| MT1515-PP-Y-2210 | 1.5 | Premium Polyester | Gritted | Yellow | 22 | 10 |

Pultruded Stair Treads

| Part Number | Thickness (in) | Resin | Surface | Color | Width (in) | Length (ft) |
|--------------------|----------------|-------------------|---------|-----------|------------|-------------|
